

PRODUCT DATA SHEET

Aqua Blok Reinforcing Mat

A FABRIC REINFORCEMENT BANDAGE FOR USE WITH LIQUID APPLIED WATERPROOF MEMBRANES

DESCRIPTION

A fabric reinforcement bandage for use with liquid applied water based waterproof membranes.

USES

Aqua Blok Reinforcing Mat is suitable for use with liquid applied membrane when the membrane requires extra reinforcement and rigidity.

CHARACTERISTICS / ADVANTAGES

- Provides rigidity to membranes
- Reduces flexibility and movement
- Easy to use
- Economical.

PRODUCT INFORMATION

Packaging	50 Meter roll x 100mm wide
Shelf life	5 years
Storage conditions	Store in dry cool conditions

APPLICATION INSTRUCTIONS

APPLICATION METHOD / TOOLS

Apply a coat of the waterproof membrane and embed the Aqua Blok Reinforcing Mat into the wet membrane. Smooth out any air holes / pockets and apply an additional coat of waterproof membrane to completely encapsulate the fabric.

IMPORTANT CONSIDERATIONS

- Aqua Blok Reinforcing Mat reduces the elongation of water based waterproof membrane.
- For flexible bond breaker details use Aqua Blok Elasto Joint bangle.
- Not for use with solvent based waterproof membranes

BASIS OF PRODUCT DATA

All technical data stated in this Product Data Sheet are

based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

LOCAL RESTRICTIONS

Please note that as a result of specific local regulations the declared data for this product may vary from country to country. Please consult the local Product Data Sheet for the exact product data.

ECOLOGY, HEALTH AND SAFETY

For information and advice on the safe handling, storage and disposal of chemical products, users shall refer to the most recent Material Safety Data Sheet containing physical, ecological, toxicological and other safety related data.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
